Trainings

Cipher Schools

June 2024 – July 2024

- Built frontend applications using React, including state management, lifecycle methods, lazy loading, and custom hooks. Developed backend with Node.js, created and managed REST APIs, integrated MongoDB, and implemented authentication/authorization using JWT. Ensured security through environment variables.
- Gained hands-on experience in full-stack development, improved problem-solving skills, and enhanced debugging techniques.
- **Tech Learned:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, React Js

Projects

TheNewViews.com – A Competitive Coding Platform

August 2024 – November 2024

- My role in this project was to build the frontend part.
- Built the platform using Bootstrap for frontend, MySQL for database management, and PHP for backend development. Integrated a real-time code compiler and evaluator using Judge0. Developed APIs to ensure seamless interaction between the database, platform, compiler, and code editor.
- Successfully created a functional competitive coding platform with real-time code evaluation and smooth backend integration.
- **Tech Used:** HTML, CSS, JavaScript, Bootstrap, MySQL, PHP

Chat App

January 2024 – May 2024

- Designed and developed a real-time messaging platform with a user-friendly interface and robust features to enhance communication and collaboration.
- Provided a seamless and efficient messaging experience for users, improving connectivity for both personal and professional interactions.
- **Tech Used:** React Js, Mongo DB, Express Js, Node Js

Certificates

Cloud Computing

July 2024 – October 2024

NPTEL – [Certificate Link](#)

Full Stack using MERN

June 2024 – July 2024

Cipher Schools – [Certificate Link](#)

Bits and Bytes of Computer Networks

November 2023

Coursera – [Certificate Link](#)

Mastering Data Structures and

November 2023

Udemy – [Certificate Link](#)

Achievements

- Attained three-star badge in Java by HackerRank
- Solved 100+ question on LeetCode

Skills

Technical Skills: Java, PHP, JavaScript, HTML and CSS, React JS, Node JS, MySQL, MongoDB

Soft Skills: Team Player, Problems-Solving, Analytical Skills

Education

Lovely Professional University

2022 – 2026

Computer Science and Engineering — CGPA: 7.38

Phagwara, Punjab

Gyan Bharti Residential Complex

2019 – 2021

Intermediate with Science — Percentage: 95%

Bodhgaya, Bihar

Gyan Bharti Senior Secondary School

2012 – 2019

Matriculation with Science — Percentage: 94%

Tekari, Bihar
